David Spencer, CBO, ACO
2024 IECC Appeals Board Chair
ICC Board of Directors
Operations Manager
Adams County, Washington

RE: Reject all nine appeals of the IECC

Dear International Code Council Board and International Energy Code Council Appeals Board,

On behalf of the almost one hundred organizations and dozens of individual signatories, we urge you to reject appeals 23-01 through 23-09, which seek to overturn measures including electric readiness, EV charging readiness, efficient and resilient code requirements, stretch code appendices, and all-electric appendices. These appeals have no merit: they are trying to reverse substantive, consensus decisions made according to all applicable policies.
